American Board of Pediatrics

### Contact Information

**Address:** Texas Children's Hospital  
6621 Fannin, MC 19345-C  
Houston, TX 77030

**Phone:** 832-826-5646

**Fax:** 832-826-1901

**E-mail:** [studer@bcm.edu](mailto:studer@bcm.edu)

### Research Interests

- Current research involves the use of carvedilol to treat congestive heart failure in children with left to right shunts. Dr. Studer is also investigating the role of B-type Natriuretic Peptide levels in children on mechanical support.
- Additional research interests include clinical studies related to outpatient pediatric cardiology.
